Snowmobiling near In The Trees

DRAFT · October 2026

A planning map for our winter guests · Stoneham, Maine

Getting on the trail

Please trailer your sleds to the trail. There's no riding on our property and no trail from our door. Park your truck and trailer in either of our lots; the turnaround is plowed.

The nearest trail crosses Route 5 in North Lovell, about 1.4 miles southwest of us (A). We're confirming the best place to unload with the local club.

Driving distances from us: A 1.4 mi · P-Kays Gas 4.6 mi
Lovell Town Office 6.3 mi · Waterford Town Office 7.6 mi

Ride with respect

- Most Maine trails cross private land, thanks to generous landowners. Please stay on marked trails.
- Clubs open and close trails as conditions allow. Check conditions before you ride.
- Out-of-state sleds need a Maine registration (online, or at the Lovell or Waterford town office). Riding into New Hampshire needs an NH registration too.
- This is a planning map. Carry the club map or the MSA Trails app to find your way.
- Emergency: call 911. Nearest ERs: Stephens Hospital, Norway (about 18 mi) · Bridgton Hospital (about 20 mi).
